

# WHAT TO EXPECT

Each camp day is packed with hands-on fun, creativity, and connection:

- Weekly horseback riding
- Farm chores that build responsibility
- Arts & crafts and woodworking
- Dance class and movement fun
- Outdoor games and indoor activities
- Tent campout on the farm for 2 nights
- Small camp size so every camper feels seen and valued

Girls form deep bonds with animals, the land, and each other — all in a supportive, joyful setting.

# GIRLS SUMMER CAMP

A hands on summer where every girl is seen

# FARM FUN FOR ALL GIRLS

Girls Farm Camp is open to girls entering 4th–8th grade, divided into two sessions for age-appropriate fun and connection:

- Session 1: 4th–6th Grade
- Session 2: 7th–8th Grade

Whether she's adventurous or gentle, artsy or animal-obsessed, every girl will find her place here.

Our small camp size means every camper is known, supported, and celebrated.

No prior farm or riding experience needed — just a love for animals and an open heart.

## WHY FARM CAMP

At Dr. Suss Stables, farm camp isn't just about fun (though we have plenty of it!) — it's about growth, connection, and confidence.

Campers build skills that stay with them long after summer ends:

- Taking responsibility through real farm work
- Building friendships that feel like family
- Gaining confidence around animals and peers
- Creating with their hands and expressing themselves

Every girl is seen, known, and valued — that's what makes this camp different.

## HOW WE GUIDE

Our camp is built around connection — with animals, with nature, and with each other.

Campers are guided by warm, experienced staff who know how to bring out the best in every girl. Whether she's outgoing or shy, new to animals or already horse-crazy, we meet her where she's at.

Our team trains directly under Leah Lowenstein, who leads all on-ground animal and farm-based programming with care and heart.

We focus on small group sizes, intentional moments, and helping every camper feel capable, seen, and celebrated.
